Whole

When something is whole it is not split up in any ways.
You have The whole piece To yourself.

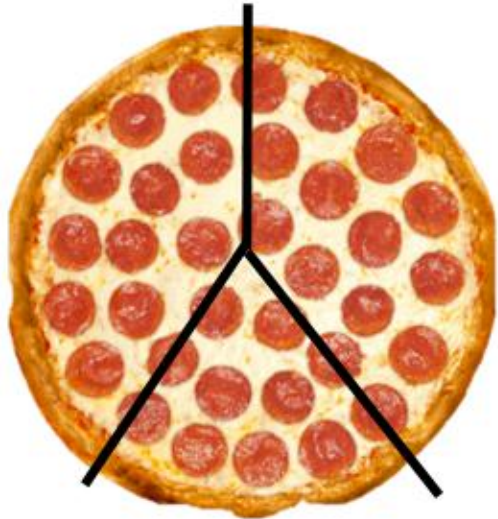

Halves

When something is split in half, it is cut into 2 pieces that are the same size. Think about splitting a cookie in half with a friend.

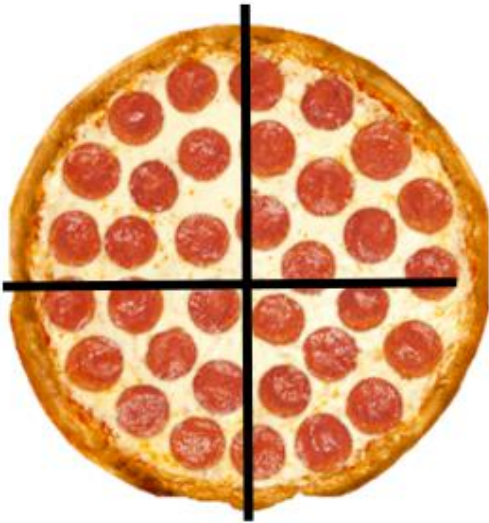

Thirds

When something is split in thirds, it is cut into 3 pieces that are the same size. Think about splitting a cookie in thirds with 2 friends. All 3 people need an equal piece.

Fourths

When something is split in fourths, it is cut into 4 pieces that are the same size. Think about splitting a pizza in fourths with 3 friends. All 4 people need an equal piece.
